Interview of ex-Minister Webb with Secretary Fish.

New York, June 23.—It is stated that ex-Minister Webb had an interview yesterday with Secretary Fish in regard to the Brazilian government. He denounces the authorities there, and says that they have no more respect for the United States than for Hayti. He thinks our Government ought to give them a good thrashing. It is understood that the President fully indorses the course pursued by Mr. Webb. It appears that he was simply carrying out the instructions given him by Mr. Seward. It is presumed that the Brazilian government will make ample apologies to our Government on the arrival of Mr. Blow, Mr. Webb's successor.
